

# Vision Statement

We value and promote partnerships with **community** and families for their connections, traditions and support the dreams we hold for all children.

We engage deep listening and treat each other with **kindness** and empathy.

We believe Early Education has an important role to play in developing an **inclusive** society which is safe, celebrates diversity and promotes reconciliation.

We provide high quality Early Childhood **Education** which ignites a love of learning, encourages self-belief, critical reflection and sustainability.

We **respect** children as capable learners with an innate sense of awe and wonder, curiosity, creativity and playfulness.

We value our staff for their love and advocacy for children, their knowledge, expertise, **integrity** and commitment to families.
